# Company of the Heart

Talsyn

1. We who come from Far-ra-ways, fight to find a fi-ner ways,  
 2. Aa-ron dash-ings, stands for right, leads us in-to ev-ry fight,  
 3. Time might age us day to days, take us each our sep'-rate ways,

ques-tion long we share a song, our voi-ces strong, the Com-pa-ny of the Heart.  
 arms of steel, re-fuse to yield, to him we'd kneel, the Com-pa-ny of the Heart.  
 ver-y deep, deep in our sleep, in dreams we keep the Com-pa-ny of the Heart.

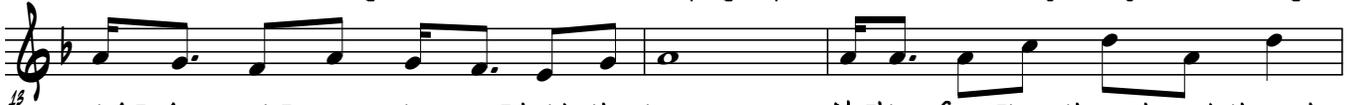

Dar-ing, cun-ning, strong and brave, cap-ture bri-gands, vil-lians, Knaves,  
 Rod'-rick forth-right, by his side, stal-wart, faith-ful, true and tried,  
 Though we all are ver-y dear to each oth-er year to year,

Keep the land, our stal-wart band, none can with-stand the Com-pa-ny of the  
 Here's the nub, blunt as a Club, he'd ne-ver snub the Com-pa-ny of the  
 Mem'-ries long we take a-long with yearn-ing strong, the Com-pa-ny of the

Heart. Fear our war-riors' migh-ty blows, bring-ing down our strong-est foes,  
 Heart. And A-lee-na, fleet of foot, al-ways knows just where to put  
 Heart. Du-ty calls us each to play parts our feel-ings might be-trays,

stri-ving al-ways to up-hold the laws. No-ble, fear-less through and through  
 down each step or where to place her ear. Vi-go, heal-er, hearth to share  
 and our paths are not our own to choose. As our lives will lead us on,

fight-ing wrong in all we do, stay-ing true un-to our wor-thy cause.  
 food and wel-come so sin-cere, tru-er friends one won't find an-y-where.  
 far from friends we've re-lied on, we may come to bat-tles we will lose.

Ma-gic, sci-ence, heal-ing too, aid us now in all we do.  
 Fair A-me-lia, heart of Air, Man of Sci-ence, red of hair,  
 So at last my tale is done, may we al-ways be as one,

Stan-ding fast, un-to the last, as her-oes past, the Com-pa-ny of the Heart.  
 These I bring my-voice to ring out as I sing of the Com-pa-ny of the Heart.  
 And be cast with joys so vast and feel at last the Com-pa-ny of your Heart.
